ENROLMENT APPLICATION AND SUPPORT PROCEDURES FOR STUDENTS REQUIRING EDUCATIONAL ADJUSTMENTS

Introduction and Rationale

The Enrolment Application and Support Procedure (EASP) reflects the ongoing commitment of Brisbane Catholic Education (BCE) towards inclusive practices in schools and is guided by the Disability Discrimination Act (DDA, 1992) and The Disability Standards for Education (DSE, 2005).

The process seeks to understand the individual needs of the student and the relevant adjustments required to access educational opportunities.

A partnership approach is foundational to this process and leads to an appropriate response to the student's educational needs. The enrolment application and support procedures are used when it is considered likely that educational adjustments will be needed to support a student's initial enrolment and/or for ongoing service provision.

Part of the St Thomas More College, Sunnybank mission is to grow and serve our community by providing learning 'through high-quality educational experiences' for all students.

Your family is invited to journey this EASP process with the College to ensure best possible learning outcomes for your student.
